Modular Construction

The outdoor shower enclosure is made of an aluminum frame having vertical reinforcements added to the base for extra support. The frame is powdered coated white (AAMA 2604) that is guaranteed not to chip, fade or rust. The wall panels are made of a pure virgin PVC vinyl and the hardware is stainless steel. With any model you choose there will be complete privacy; with no peek-a-boo areas. The ToddPod can and will withstand all weather climates. There is an option to choose white or beige wall panels.

Detailed finishing

- Decorative post flange hides bolts at base
- Post Caps complete the look

Removable floors

- Decking/maintenance free
- **NEW**-5 horizontal floor supports
- Ideal for French drain and ventilation
- Proprietary slip resistant flooring
- Available in Beige & Gray

Waterproof lock with Interior Deadbolt

- Keyed aluminum latch with two keys and dead bolt security. Interior lock for privacy.

Gusset Brackets

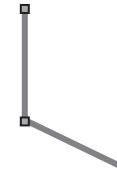

- **NEW**-Improved door support
