ToddPodTM
Outdoor Shower Enclosure

Single Units

Double Units

Cabana Units

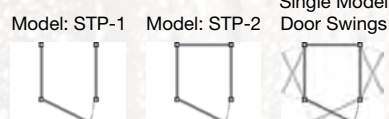

Complete shower enclosure packages with the easiest and fastest DIY installation. **The highest quality shower enclosure in the industry** at the most affordable price.

Our outdoor shower enclosures are made of a certified US Aluminum frame having vertical reinforcements added to the base for extra support. The frame is powder coated white (AAMA 2604) that is guaranteed not to fade or rust. The wall panels are crafted from 100% Pure PVC vinyl, the industry's maximum thickness. Combined with aluminum frames and reinforced supports, this structure provides superior construction to last a lifetime and will always look new. Every model delivers complete privacy: with no "peek-a-boo" areas. **ToddPod™** can and will withstand all weather climates.

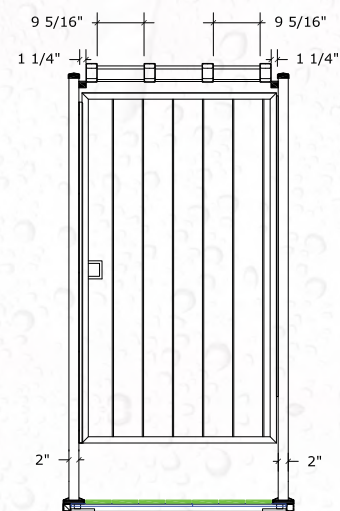

STP-2 36" x 36" Beige Walls with Beige Decking

Looking for outdoor shower ideas? After a swim at the beach or in the pool, conveniently rinse off in your own beautiful secure and private outdoor shower. No more dripping bathing suits and sand tracked throughout your home. The door can be placed in any location on the shower unit and can be opened in any direction to suit your needs. Available in two different models and two different sizes.

Double Units

Cabana Unit with White Walls & Custom Decking

Looking for an outside cabana option? The cabana models are ideal for homeowners who want the convenience of outdoor living by adding a bathroom to our double units. Extend the walls for privacy to create another changing room, shower, or add a sani-flo toilet and sink. Why would you ever need to go into your home again? Keep family and guests outside while keeping your home clean on the inside. The door/doors can be placed in any location on the shower unit and can be opened in any direction to suit your needs. Available in two different models and two different sizes.
